Judge's Statement

It was a pleasure to spend time with the 188 works of art submitted to this year's Expressions exhibition by over 100 artists from Southern Virginia and the surrounding regions. Piedmont Arts staff made it easy to judge the works by separating them into the different categories. The amount of awards and community support for this exhibit presented by Lynwood Artists and Piedmont Arts is awesome.

I believe the arts played a big role during the pandemic - providing a soothing activity and a creative outlet to focus on when so many parts of our lives were in flux, and so much was beyond our control. This motivation to express yourselves was obvious in the 2023 submissions. I saw a nice mix of emerging and established artists, and tried to encourage those artists new to creating, while also recognizing those who continue to experiment with their chosen medium. I wish I could give all of the work by high school students awards - but had to stick to the guidelines. Please continue to encourage these young artists to keep art in their life. Thank you to all the artists who submitted work for sharing a part of yourself. I hope you will all continue to make art and support each other, and the Piedmont Arts, and Lynwood Artists.
